## We Can Make Holidays A Lot Brighter For 8 Kids

*(This message is from Tucker Edmonds.)*

As part of President Caren's THANKS initiative, the Kiwanis Club of Williamsburg has joined with the United Way of Greater Williamsburg to adopt eight children for Christmas. These are children in our community who are unlikely to experience the joys of the holiday season

as all of us are so fortunate to do. Below is a list of the children's names, clothes sizes and some ideas for toys that they would like. Please consider buying and wrapping one or more of these gifts and bring it to the meeting on Dec. 9. Make sure that the child's name is on the package. If you prefer, we will gladly accept cash donations.

To reduce duplication, please e-mail me at tedmonds@chesbank.com with your choices.

We hope you will consider sharing some of the blessings we enjoy at the Holidays with those less fortunate.

Child's Name	Marquez	Child's Name	Monesha

*(See THANKS, page 2)*

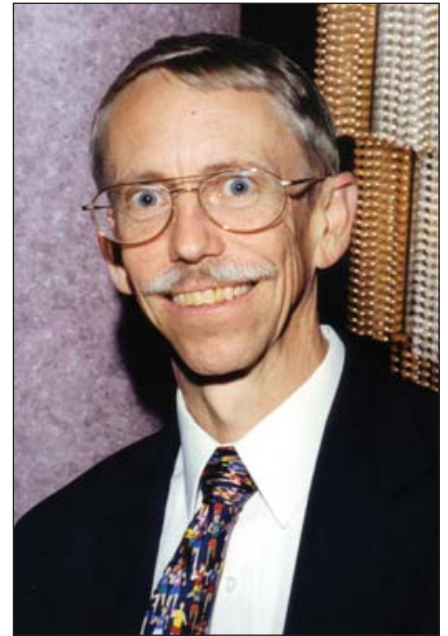

Kiwanis is a global organization of volunteers dedicated to changing the world one child and one community at a time.

## Today's Speaker: Dr. George Neil

George Neil earned his doctorate in nuclear engineering from the University of Wisconsin in 1977. He is a Principal Scientist and Associate Director of Jefferson Lab for the Free Electron Lasers. He has been at Jefferson Lab 19 years. He has written over 200 papers on free electron lasers and accelerator technology and holds 12 patents.

Dr. Neil is a fellow of the American Physical Society, fellow of the Directed Energy Professional Society, and past editor of the *Elsevier Journal of Infrared Physics and Technology*. He is a winner of the International FEL Prize for his work developing the JLab FEL, the world's first and highest power tunable free electron laser system based on superconducting energy recovery. In his "copious" spare time he has competed in more than 45 marathons on all seven continents.

Jefferson Laboratory operates a high energy electron accelerator in Newport News which attracts scientists from around the world to perform fundamental research into the nature of matter. Today's presentation will explore the facilities at the lab and present a high-level discussion of the nuclear physics research that is performed and its resulting benefits to our country and society at large.

## We Ring the Salvation Army Bell Dec. 15, 17, 18

It's that time of year again ... time to "Ring the Bell" for the Salvation Army. Jim Geiger and Mary Beth Murphy have put together a sign up sheet for the dates that our Kiwanis Club will be ringing the bell. The dates and locations are listed below.

Please be generous of your time! Let Jim or Mary Beth know which date and time you would like to ring the bell. There also will be sign-up sheets at the next two regular meetings.

Tuesday, Dec. 15

Ukrop's in Monticello Marketplace

Thursday, Dec. 17

Ukrop's in Monticello Marketplace

Friday, Dec. 18

K-Mart on Waller Mill Road

## Meet a New Member

Bill Kelly

Bill already is a familiar face in our club as a raffle ticket seller, and will

lead us in today's song. He was well known to the residents of the Village of Asharoken, NY, where he served as mayor for 26 years. He's a native of Kingston, NY, and earned degrees from Villanova and Georgetown University. He worked for a number of firms before starting his own leasing company, which he ran for 30 years. Bill is a veteran Kiwanian, having been a longtime member of the Northport/East Northport Kiwanis Club.

Bill says he came to Williamsburg to retire and isn't looking for a lot of work – but he already has helped out at one Shrimp Feast!

## *Kiwanis Family Korner*

This fall the Walsingham Academy K-Kids have been working diligently creating puppets for Operation Smile. The K-Kids stitched 95 frog hand puppets for Adreiene Gonzolo, a Key Club sponsor, who traveled to Vietnam to deliver the items to patients as they awaited and recovered from surgery. With the holiday season upon us, the K-Kids are now preparing holiday decorations for the Envoy and Consulate Nursing Homes. Even though this year's K-Kids have had their club meeting times shortened due to new class and activity schedules, their efforts this fall have exceeded the years past.

## *THANKS*
